Black Sun came and changed our name
 Made our lives this simple stain
 Drove the children from their chores
Handcrafted housewives into whoresSociety snake it ate our brains
 Injected poison in our veins
 T.V. minds hip swing grinds
 Faces cracked and filled with lines
Black sun came and changed our name
Made our lives this simple stainIntravenous T.V. feeds
 Bedroom violence all he sees
 Ride the lightning to the sky
 Stab the clouds and watch them cry
Black sun came and changed our name
Made our lives this simple stainAll we do is smite
 for what we think is right
 Sound of mind bereft of sight
Denial taking human lifeClouds go by children run
 Gulls do nosedives in the sun
 Water falling from a spout
into wanting thirsty mouthsBlack sun came and changed out name
 Made our lives this simple stain
 Made our lives this simple stain
Made our lives this simple stainAll we do is smite
 for what we think is right
 Sound of mind bereft of sight
Denial taking human lifeAll we do is smite
 for what we think is right
 Sound of mind bereft of sight
 Endless blinding cathode light
