

Cooler. Girl. Ever.

Jj Demon

How was I even supposed to know
That you were on your way and that you were so close to home
You caught me with the knife in my hand and the bloody glove
Now delve into the mind of a man and the study of a cheater!
Repeating offender, keep reading the end of the book first
And it looks worse, even if we remember
To look back in the embers of a house burnt to the ground
A man caught in the act that tries turning it around
Sorry, is how I'm gonna feel
It'd be glorious if the story wasn't real
Fill an auditorium and listen to every gory detail
And at the end, just leave enough room for me to bail
Naughty, naughty, I'm so bad
I murder everything in my path
You're my girl but I'm just a boy
So everything beautiful will be destroyed

This is like the worst thing that ever happened to me
You're like the coolest girl ever, so what's happening to me
'Cause this is like the worst thing that ever happened to me
You scream across the room you hate me so passionately

Ok, I feel better now that we discussed it
Why are you looking at me all disgusted?
What do you mean I'm just a manipulative little son of a bitch?
What do you mean I'm not to be trusted?
I'm basically a saint's angel next to you
I don't know every person that's calling and texting you
I don't know when you're working and when you're with the next guy
What do you say we let this little bit of sex slide?

This is like the worst thing that ever happened to me
She can't take the word "slut" and just attach it to me
She's screaming at me like I stuck her fucking cat in a tree
Her head is in her hands crying so fashionably

This is like the worst thing that ever happened to me
You're like the coolest girl ever, so what's happening to me
'Cause this is like the worst thing that ever happened to me

You scream across the room you "hate me" so passionately

OMG you hate me I know it I shoulda never

Tried but inside I really thought I was clever

Sever the ties and so dies the rose,

But when a rose dies the rose dies forever.

Riding on the feather of a raven

Floating to the perch of a tombstone, engraving:

"Nobody Could Save Him."

But is it really so serious?

Give me a second chance and we'll learn from the experience

This is like the worst thing that ever happened to me

She can't take the word "slut" and just attach it to me

She's screaming at me like I stuck her fucking cat in a tree

Her head is in her hands crying so fashionably

This is like the worst thing that ever happened to me

You're like the coolest girl ever, so what's happening to me

Cause this is like the worst thing that ever happened to me

You scream across the room you "hate me" so passionately
