Who Got Our Love

John Anderson

Who got our love?
I want to know
Who's having fun
In places we used to go?
Who stole your heart?
I want it back
I'm tired of livin'
Without love in this old shack
I'm tellin' you, babe
I've had enough
Without your kisses, honey
It gets too rough
Who got our love?
And who got the love
That I need so much?
And who's feelin' all the pleasures
Of your touch?
Who found the key
To open up your door?
Who got the love
I'm lookin' for?
Who got our love?
I want it now
Maybe we could
Get it back together somehow
Who stole the flame
That burns so bright?
It used to keep me warm
On the cold cold night
I'm tellin' you, babe
I've had enough
Without your kisses, honey
It's just too rough
Who got our love?
Who got the love
That I need so much?
And who's feelin' all the pleasures
Of your touch?
Who found the key

To open up your door?
Who got the love
I'm lookin' for?
Who got our love?
