

# Bridges (Young Franco DEEP ASS Remix)

## BROODS

Gave you a minute  
When you needed an hour  
Chose to push it aside  
Instead of leaving behind you  
If any word that I said  
Could have made you forget  
I'd have given you them all  
But it was all in your headNow we're burning all the bridges now  
Watching it go up in flames  
No way to build it up again  
And we're burning all the bridges now  
'Cause it was sink or swim  
And I went down, down, downAnd we're burning all the bridges  
Burning all the bridges now  
And we're burning all the bridges  
Burning all the bridges nowIf I didn't hit it  
Would you still say you needed me  
Guess I walked right into it  
Guess I made it too easy  
If any word that you said  
Could have made me forget  
Would I get up off the floor  
'Cause this is all in my headAnd we're burning all the bridges now  
Watching it go up in flames  
No way to build it up againAnd we're burning all the bridges  
Burning all the bridges now  
And we're burning all the bridges  
Burning all the bridges nowCan we forget about it  
Can we forget  
Can we forget about it  
Can we forgetBurning all the bridges  
Burning all the bridges now  
And we're burning all the bridges  
Burning all the bridges now
