

Right Place Right Time

[Olly Murs](#)

We got our eyes wide open and feeling like we are almost there.
Words unspoken disappearing in the air
All I see is you and I
You're the only lifeline, that I need tonight
I'm letting go. So this is what it feels like
Be in at the right place, the right time
I'm bringing off a delight
Hoping we can make this a long night
This is why we came, yeah I can feel it in my veins hey yeah
So this is what it feels like
Right place the right time Loud explosions only you and I can hear
Doors fly open, you're the cure for all my fears
All I see is you and I
You're the only lifeline, that I need tonight
I'm letting go. So this is what it feels like
Be in at the right place, the right time
I'm hanging off a delight
Hoping we can make this a long night
This is why we came, yeah I can feel it in my veins
So this is what it feels like
Right place the right time, with you
Right place the right time, with you
Right place the right time Right here and now feels like forever
Never touch the ground when we're together
Right here and now feels like forever, forever, forever, forever So this is what it feels like
Be in at the right place, the right time
I'm hanging off a delight
Hoping we can make this a long night.
Right place the right time
Right place the right time Right here and now feels like forever
Never touch the ground when we are together Right here and now feels like forever
Right place the right time
