

# Ciant Hear It

## Elliphant

Ciant hear itA drippin' spirit comin' up  
Comin' from the deep he's comin' closer don't stop  
One more day after the day  
Gritty memory now come to hunt down me na  
Down down anger bang anxiety  
Swimmin' in a freakin' sea of shitsponsibility  
Sister dropped her coke now  
All over me words  
Don't know what to do but I do it and I burst. Very soon from now I, sit there again  
I'm like a finger up your ass, now while i'm glasgambelin  
Very soon from now I, sit there again  
I'm like a finger up your ass, now why not give it to me. Ciant ciant ciant hear it... One more epic unit comin'  
round  
Comin' from the deep comin' up from the ground  
One more truth drippin' out of you  
Milky memory now will seduce little me na.  
Down down anger bang anxiety  
Swimmin' in a freakin' sea of shitsponsibility  
Sister dropped her coke now  
All over me words  
Don't know what to do but I do it and I burst. Very soon from now I, sit there again  
I'm like a finger up your ass, now while i'm glasgambelin  
Very soon from now I, sit there again  
I'm like a finger up your ass, now why not give it to me  
[x2]Ciant ciant ciant hear it... Kitchen quality me and me chosen family  
Drifting into smoke just when a joke awake me  
I been looking for a laughter ever since me first step  
Normal is an enemy, see normal is the end of me.  
[x2]Ciant ciant ciant hear it...
