# Into the Fire

## Bruce Springsteen

The sky was falling and streaked with blood
I heard you calling me, then you disappeared into the dust
Up the stairs, into the fire
Up the stairs, into the fire
I need your kiss, but love and duty called you someplace higher
Somewhere up the stairs, into the fireMay your strength give us strength
May your faith give us faith
May your hope give us hope
May your love give us loveMay your strength give us strength
May your faith give us faith
May your hope give us hope
May your love give us loveYou gave your love to see, in fields of red and autumn brown
You gave your love to me and lay your young body down
Up the stairs, into the fire
Up the stairs, into the fire
I need you near, but love and duty called you someplace higher
Somewhere up the stairs, into the fireMay your strength give us strength
May your faith give us faith
May your hope give us hope
May your love give us loveMay your strength give us strength
May your faith give us faith
May your hope give us hope
May your love give us loveMay your strength give us strength
May your faith give us faith
May your hope give us hope
May your love give us loveIt was dark, too dark to see, you held me in the light you gave
You lay your hand on me
Then walked into the darkness of your smoky grave
Up the stairs, into the fire
Up the stairs, into the fire
I need your kiss, but love and duty called you someplace higher
Somewhere up the stairs, into the fireMay your strength give us strength
May your faith give us faith
May your hope give us hope
May your love give us loveMay your strength give us strength
May your faith give us faith
May your hope give us hope
May your love give us loveMay your strength give us strength
May your faith give us faith

May your hope give us hope
May your love give us loveMay your strength give us strength
May your faith give us faith
May your hope give us hope
May your love give us loveMay your love bring us love
