

# Autobiography

## Strictly Ballroom

You think you know me  
Word on the street is that you do  
You want my history  
What others tell you won't be true  
I walked a thousand miles while everyone was asleep  
Nobody's really seen my million subtleties  
Got stains on my T-shirt and I'm the biggest flirt  
Right now I'm solo, but that will be changing eventually, oh  
Got bruises on my heart and sometimes I get dark  
If you want my auto, want my autobiography  
Baby, just ask me  
I hear you talking  
Well, it's my turn now  
I'm talking back  
Look in my eyes  
So you can see just where I'm at  
I walked a thousand miles to find one river of peace

I walked a million more to find what this shit means  
Got stains on my T-shirt and I'm the biggest flirt  
Right now I'm solo, but that will be changing eventually, oh  
Got bruises on my heart and sometimes I get dark  
If you want my auto, want my autobiography  
Baby, just ask me  
I'm a bad ass girl in this messed up world  
I'm a sexy girl in this crazy world  
I'm a simple girl in a complex world  
A nasty girl, you wanna get with me?  
You wanna mess with me?  
Got stains on my T-shirt and I'm the biggest flirt  
Right now I'm solo, but that will be changing eventually, oh  
I laugh more than I cry you piss me off, goodbye, goodbye  
Got bruises on my heart and sometimes I get dark  
If you want my auto, want my autobiography  
Baby, just ask me
