

# It's Not Enough

## Blume

Don't be afraid  
Just close your eyes  
I'm here for you  
Only for you  
I whisper softly  
"what can I do?"  
Trust in me  
"It's not enough" you say  
But I don't mind  
I'll stand by you  
I just want you to know  
That I'll wait for you  
Forever  
And we'll drown in this life  
And we'll fall  
Together  
Hold back your tears  
Hold on in hope  
We're side by side  
But I can't feel your warmth  
Your eyes reflect me  
They seem so sad  
Trust in me  
It's not enough you say  
But I don't mind  
I'll stand by you  
I just want you to know  
That I'll wait for you  
Forever  
And we'll drown in this life  
And we'll fall  
Together
