

This Boy Needs to Rock

Night Ranger

Kid out of touch
Laying down with a dream
On a runaway night
Got a feel for the scene A girl with lots of tricks
Like to lay them on me
I'd forgotten what it's like
To be seventeen Well, I say fast
She say slow
And so the story goes
She say stop
And I say go, and go, and go, and wow This boy needs to rock
Tonight, tonight, tonight
This boy needs to rock
Tonight, tonight, tonight This boy needs to rock
Tonight, tonight, tonight
This boy needs to rock
Tonight, tonight, tonight
I need to rock Up real late
Trading money for kicks
She got all of the moves
I got all of the licks She can tear at my heart
I'm always begging for more
She can cut me real deep
She can take me real far Well, I say fast
She say slow
And so the story goes
She say stop
And I say go, and go, and go, and wow This boy needs to rock
Tonight, tonight, tonight
This boy needs to rock
Tonight, tonight, tonight This boy needs to rock
Tonight, tonight, tonight
This boy needs to rock
Tonight, tonight, tonight
This boy needs to rock Tonight, tonight, tonight
This boy needs to rock
Tonight, tonight, tonight This boy needs to rock
Tonight, tonight, tonight
This boy needs to rock

Tonight, tonight, tonight
We're gonna rock
