This Boy Needs to Rock

Night Ranger

Kid out of touch

Laying down with a dream

On a runaway night

Got a feel for the sceneA girl with lots of tricks

Like to lay them on me

I'd forgotten what it's like

To be seventeenWell, I say fast

She say slow

And so the story goes

She say stop

And I say go, and go, and go, and wowThis boy needs to rock

Tonight, tonight, tonight

This boy needs to rock

Tonight, tonight, tonightThis boy needs to rock

Tonight, tonight, tonight

This boy needs to rock

Tonight, tonight, tonight

I need to rockUp real late

Trading money for kicks

She got all of the moves

I got all of the licksShe can tear at my heart

I'm always begging for more

She can cut me real deep

She can take me real farWell, I say fast

She say slow

And so the story goes

She say stop

And I say go, and go, and go, and wowThis boy needs to rock

Tonight, tonight, tonight

This boy needs to rock

Tonight, tonight, tonightThis boy needs to rock

Tonight, tonight, tonight

This boy needs to rock

Tonight, tonight, tonight

This boy needs to rockTonight, tonight, tonight

This boy needs to rock

Tonight, tonight, tonightThis boy needs to rock

Tonight, tonight, tonight

This boy needs to rock

Tonight, tonight, tonight
We're gonna rock
