

# Conditioned Soul

## Eurythmics

When will you make up your mind?  
When will you make up your mind? Darling just be yourself tonight  
There's nothing wrong with the way you feel  
The moon and stars are in the sky  
We're centuries apart and the lights are shining down on you  
(I can't stand it) Aah, conditioned soul  
(I can't stand it)  
When will you make up your mind?  
When will you make up your mind?  
(I can't stand it) Everybody's kissing someone  
Holding hands just to get some fun  
I couldn't care less if I ever get none  
Or never fall into some lover's arms again  
(I can't stand it) Aah, conditioned soul  
When will you make up your mind?  
(I can't stand it) Aah, conditioned soul  
When will you make up your mind?  
(I can't stand it) Darlin' don't be afraid tonight  
Something's wrong with the way you feel  
The moon and stars have all gone by  
We're centuries apart and the lights are dying Everybody's hurting someone  
Stabbing back just to get some fun  
I hope to God I don't get me none  
Or never fall into some killer's arms again When will you make up your mind?  
(I can't stand it)  
(I can't stand it)
