

# Kamasutra (feat. Cardi B)

## Juicy J

No bitch got a mouth like me

No bitch got a pussy like me

The fuck!

Bitches can't suck dick like me

Rap and spit on the dick at the same time Boy, you better fuck me all night

Boy, you better fuck me all night

Boy, you better fuck me all night

All night, all night

Boy, you better fuck me all night

Boy, you better fuck me all night

Boy, you better fuck me all night

All night, all night

Girl, you better fuck me all night

Girl, you better fuck me all night

Girl, you better fuck me all night

All night, all night

Girl, you better fuck me all night

Girl, you better fuck me all night

Girl, you better fuck me all night

All night, all night

Suck my balls, lick my nuts

Pop this Xan, hit this dust

I know how to fuck, I ain't never gon' bust

In these hoes, I ain't never gon' trust

Pour Champagne on all these sluts

Head so good, gotta keep in touch

Throw that wood, 'til I drive the bitch nuts

I put it in her guts

She keep beggin' me to hit it raw

I outline that pussy in chalk

Hold my dick, a deadly weapon

Damn right I break the law

Right before she threw it back

I threw dick up in her jaw

She can have a nigga hooked

But I'ma fucking cut her off

I know your bitch want that gangsta dick

She take the shit, my paper thick

I take a bitch, never save a bitch

Wraith a bitch, never rape a bitch  
 She lick the top, lick the sides  
 Take a trip, take a ride  
 She say she can take a dick  
 Then she hit me with this line  
 Boy, you better fuck me all night  
 Boy, you better fuck me all night  
 Boy, you better fuck me all night  
 All night, all night
