

# Asleep at the Wheel

## Band of Skulls

I went upstate  
Asleep at the wheel, yeah  
Double the win  
Near leather feel, yeah  
When I'm safe and sound  
In echo distant dibs, dibs  
My feet and that detail  
Thank God for A, B, S'Cause where we are going,Â is anyone's guess  
Yeah! Took the bait  
So that you, yeah  
Born again  
To die and to  
The sun shines behind me, toÂ behind the glass  
The only, yeah  
I don't have time to wonder  
Don't have time to miss'Cause where we are going, is anyone's guess  
Yeah! Anyone's guess'Cause where we are going, is anyone's guess  
Yeah! Anyone's guess  
Yeah!
