

# Enemy

## Scars On Broadway

I know it's really hard to see  
That we are the enemy  
I know it's really hard to see  
That we are the enemy of the earth They'll fuck you, then they'll fuck themselves  
They raise the flag that Jesus sells  
They'll fuck you, then they'll fuck themselves  
They raise the flag that Jesus sells I know it's really hard to see  
That we are the enemy  
I know it's really hard to see  
That we are the enemy of the earth We're on drugs, we're on drugs  
We're all on drugs  
We're on drugs, we're on drugs  
Baby, we're all on drugs  
Do you like drugs?
