Bun B verse:

Well she a big fine something aint she  
with that big ass  
betcha she can grind something cant she  
she shake it fast

shake it slow, to and fro  
back and forth, up and down  
that apple bottom brown  
and it aint fuckin around  
she got her rockin republics on, fittin kinda tight  
real snug on the backside  
it's lookin kinda ripe  
with a juicy tank top and her louey (LV) Tim heels  
All bullshit aside, she lookin ready to kill  
But when i say kill, I mean murder the cock  
I'm talkin beatin the pussy up while the headboards knock  
She ain't watchin the clock, ain't tryin to answer the phone

Cuz Bun B done got that dick that put your chick in a zone

Bun B: verse

These hoes loving the living, I'm giving all they can take  
These hoes living for loving, I'm shoving dick til' they break  
Put your feet in the sky, bring your knees to your chest  
Grab a hold of the sheets bitch, and I'ma do the rest  
Get to pressing on your pink, gripping on your soft  
To the side, take a ride, From the back I break you off

[Pimp C: verse] I want some pussy and some navel and some ass and some mouth

I ain't fucking for me bitch, I'm fucking for the whole south  
Show me what you working with, bitch what you got  
I really wanted to fuck but ho you went and shaved your cock  
A bald head pussy ain't shit, got them razer bumps bitch  
Grow some hair and get legit
