Jaded

The Crystal Method

Turn your head
If it don't feel good
Turn your headTurn your head
If it don't feel good
Turn your headThink about the good things
That I did to you
And think about the bad things
That I didn't do, that I didn't do
That I didn't do, that I didn't doTurn your head
If it don't feel good
Turn your head
If you don't wanna take itTurn your head
If it don't feel good
Turn your head
If you don't wanna take itTurn your head
If it don't feel good
Turn your head
If you don't wanna take itTurn your head
If it don't feel good
Turn your head
If you don't wanna take itYou know, you know how
But you have to know
You know, you know how
But you have to knowYou know, you know how
But you have to know
You know, you know how
But you have to knowYou know, you know how
But you have to know
You know, you know how
But you have to knowYou know, you know how
But you have to know
You know, you know how
But you have to knowThink about the good things
That I did to you
And think about the bad things
That I didn't do, that I didn't do
That I didn't doTurn your head
If it don't feel good
Turn your head

If you don't wanna take itTurn your head
If it don't feel good
Turn your head
If you don't wanna take itTurn your head
If it don't feel good
Turn your head
If you don't wanna take it
