Break This Time

Alejandro Escovedo

If you could see you
The way that I see you
The way I perceive you
No, I never came to deceive youOr sit high above you
Or lock doors behind you
But only to love you
Right inside the refrainBut I just might break this timeMothers and fathers
They don't have all the answers
Can't see past the chain link
They're laid on the lineSo break another picture
Or better yet, sit there
Inside the stillness
Oh, this timeBut I just might break this time
Yeah, this timeWhoever told you
There'd be no danger
Nothing to fear here
Yeah, in this house of painSo speak to me softly
Yeah, and tell me you love me
And we'll join together
Oh, inside the refrainBut I just might break this time
Yeah, I just might break this time
I just might break this timeOh, this time
Yeah, this time
Ah ha, ah ha, this time
