

# Another Time

## Hurt

I don't wanna think  
I don't wanna think  
I don't wanna know or I'll get sick with this  
I don't wanna think  
I don't wanna think  
I don't wanna know or I'll get sick with it  
I don't wanna think  
I don't wanna think  
I don't wanna know or I'll get sick with this  
I don't wanna think  
I don't wanna think  
I don't wanna know, know  
Or I'd fall to pieces  
Cause it's tearing me apart  
Yeah, its tearing me a heart  
And I would fall to pieces.  
Cause you were tearing me a heart, while were you tearing me apart  
I don't wanna think  
I don't wanna think  
I don't wanna know or I'll get sick with this  
I don't wanna think  
I don't wanna think  
I don't wanna know if I'll get sick with it  
Cause everyone knows how it goes  
I suppose  
There are times that you can't think of anything good  
Think of this  
Think of this  
there'd be no way to miss  
Who is good without bad  
You can see good in that  
We'd fall to pieces, cause you're tearing me apart  
I will fall to pieces, cause it's tearing me a heart, yeah it's tearing me apart.  
To know you hate the way I feel, and I know that feeling's overwhelming  
I feel the way I hate, do you feel like coming over?  
I know you hate the way it feels, and I know that feeling's overcoming  
I feel the way I hate but d'you feel like coming over Sometimes, I mind, this time's another time.  
Sometimes, I mind, that this time is another time. So don't you fall to pieces.  
Cause you're tearing me apart

Yeah, I will fall to pieces  
Cause you're tearing me a heart, you know your tearing me a heart.  
You know you hate the way it feels, and I know that feeling's overwhelming  
I feel the way I hate, but you feel like coming over  
I know you hate the way it feels, 'cause I know that feeling's overcoming  
I feel the way I hate, but you feel like coming over  
So if you hate the way you feel, you feel that the fear has  
overwhelmed you  
And feel the way you hate, would you feel like coming over?
