You Dumb Fuck

Crackout

Who you are
What it is
Who you know
Who you're with
What you get
What you show
All the same
Here it is let the fucker let it goI realise that I regret what I have done to you
I wish you hadn't met me, I wish you could forget meI won't belong and I have done what I had said I'd do
I know I won't forget this I knew I would regret thisWho you are
What it is
Who you know
Who you're with
What you get
What you show
All the same
Here it is let the fucker let it goWhat you get
What you need
I don't care, get the fuck away from me
All i got
All i know
I don't care, I don't ever wanna go
Yeah, yeah, you dumb fuckI am sweet and l might be what you have said to me
I wish you could ignore us
I wish you never saw usWho you are
What it is
Who you know
Who you're with
What you get
What you show
All the same
Here it is let the fucker let it goWhat you get
What you need
I don't care, get the fuck away from me
All i got
All i know
I don't care, I don't ever wanna go
Yeah, yeah you dumb fuckWork out what you wanna be
What's it got to do with me

Realise I wanna know
You can't work it out
Work out what it's all about
You won't let goWhat you get
What you need
I don't care, get the fuck, get the fuck away from meAll i got
All i know
I don't care, I don't ever wanna goYeah, yeah, you dumb fuck
