

Put A Little Love On Me (Workout Remix)

Delegation

Girl

I'm feeling down tonight.

What you gotta do

Is - put a little love on me

Put a little love on me.

You can set my soul alright.

Girl it's up to you to

Put a little love on me

...

Put a little love on me

...

Girl

You picked me up before.

Let me lean on you

You - put a little love on me

Put a little love on me.

I can't take it anymore

You can pull me through.

So - put a little love on me.

Put a little love on me...
