The Upside

Kid Rock

White boy get ready to do his thing's here
Here's a new jam for you to cling to
A funky rhythm that you can swing to
Kid Rock that's me and the party jumpin' is what I'm for seeing
So just chill or I'll boot you, get on me and I'll shoot you
I'm fresh to that there's no guessin'
Rock the mic without any fessin'
With your blessin' I will get stupid
You didn't know it I thought you knew it
I'm the kid that comes exactin' with my ace the black man
To B Boys from the Midwest
Rock the shows 'cause were professionals
On the set night and day while the girls say
Upside down
Can't you turn me inside out and 'round and 'round
Upside down
Can't you turn me inside out and 'round and 'round
The bass drops and works its hardest
For Kid Rock the new young rap artist
Clockin' paper 'cause I got soul comin' at you from the Motor capital
Shakin' booties not all the cuties
I'm too cool to be a little fruity
Drinkin' forties every weekend I'm the master who's always speakin'
To some freak and if I freak her
It's at Red Roof Inn where we sleep cheaper
But off that topic got to get it super dope, extremely poetic
The K I D R O C K in, I love girls that's how its layin'
With these jammies fuck the Grammies
All I care about is shaking fannies
And I have been doin' it for a long time
But now I'm nineteen and in my prime
Waxin' booties everyday while the girls say
Upside down
Can't you turn me inside out and 'round and 'round
Upside down
Can't you turn me inside out and 'round and 'round

On the mic is solo
'Cause I'm the Kid with all the dope lingos

Only rappin' 'cause I don't sing dope
Create a jam that's fresh in your bingo
Lace up the Reebok, comb the high top
Black dose with a little hip hop
And I style it with some uniqueness
You say I'm not fresh but I could careless
One of a kind when I rock the mic
I'm the one that your girl is likin'
Picture the girless women not lookin'
Create a beat that is fully hookin'
'Cause when I get dumb people have fun
Sisco save me the magnum
In a hell of a show I always display
While the girls say
Upside down
Can't you turn me inside out and 'round and 'round
Upside down
Can't you turn me inside out and 'round and 'round
Upside Kid Rock, Kid Rock
He's on the upside, get down Kid Rock
He's on the upside, get down Kid Rock
Yeah on the upside, upside
Upside get down Kid Rock
You're on the upside, get down Kid Rock
Your on the upside, get down Kid Rock
Your on the upside, upside
Kid Rock, Kid Rock
Kid Rock, Kid Rock
Kid Rock, Kid Rock
Kid Rock, Kid Rock
Kid Rock, Kid Rock
Kid Rock, Kid Rock
Kid Rock, Kid Rock
