

See How Man Was Made

[Josh Ritter](#)

Please

Man ain't suppose to live alone
No that ain't what he needs
He needs to find a home
With someone else who needs a man
A man who needs a home
Man ain't supposed to live alone

Please

You can see how man was made
He was made to need a home
And home is just a place
A place without a man
A man who needs a home
Man wasn't made to live alone
