Sleeping Dogs

MrNorth

Who pulled this shade
Down on my life?
If I don't think straight,
Don't mean it's a lie.
If I had my way,
We'd be sleeping, now.

How much more
do we need to talk?
Before the last hope
gets up and walks?
If I had my way,
I'd be dreaming soon.

(Chorus)
Honey, the sleeping dogs--
just let them lie,
'Cuz you don't know where they been last night.
Why would you wanna cry and ruin those eyes?
Is it something you were born for?
You're a port in any storm, or...?

It takes all my strength
to look and not touch.
When one or two words
Are ten words too much.
If I keep up my way,
You'll be leaving soon.

Chorus x 2
