

# Long Time

## Ray Ganucheau And Bande Le Rois

Hold me  
Show me all the talent God has given you  
I want us thinking outside the box, all night long  
Just keep on going  
You've done good things for me  
Though I'm not an easy girl to please  
I'll never run out of faith in you, all night long  
Just keep on going  
Long time, baby long time  
That's the way I've loved you, baby  
Long night, it's been a long night  
I'm breaking the record, told ya  
Long time, baby long time  
The minutes are eternal lately  
Long night, it's been a long night  
Can't wait to touch you, touch you  
I wish I had longer legs that I could fasten to your body  
So you'd take me with you everywhere  
And when you think I can take no more, all night long  
Just keep on going  
If I let you have your way don't think I'm weak  
You got the stamina and the technique  
So let those eloquent hands of yours, all night long  
Just keep on going  
Long time, baby long time  
That's the way I've loved you, baby  
Long night, it's been a long night  
I'm breaking the record, told ya  
Long time, baby long time  
The minutes are eternal lately  
Long night, it's been a long night  
Can't wait to touch you, touch you  
This thing that we've got's so rare  
It's so good, it's not even fair  
So how could anything compare  
To your way, no way  
How can you do me so much good?  
I'm so happy, I should get sued  
But nothing matters next to you

No way, no way  
Long time, long time  
That's the way I've loved you, baby  
Long night, it's been a long night  
I'm breaking the record, told ya  
Long time, long time  
The minutes are eternal lately  
Long night, it's been a long night  
Can't wait to touch you, touch you
