

No Matter How Hard I Dig They Always See Right Thr

[Jonny Craig](#)

I've seen into most
I've seen into most
I've seen into most
I've seen into most
I've seen into hearts making me a part of this way
Making you a part of this way
And making you a part of this way where I went
And making you a part of this way
Making you a part of
Taking you away
Making you a part of
Making you a part of this way
Making you a part of this way
I've seen into most
