

K.V. T-Shirt

Discount

Waited up all night next to the radio. Locked up with you and your K.V. T-shirt. Read allowed (sic) from your travel journal, showed me your photographs even though I didn't know anyone. Locked up with you was fun. You and your K.V. T-shirt. I wouldn't leave if they unlocked the door. I've grown to like this spot on the floor. I wouldn't leave if they unlocked the door. Painted pictures on the wall. It was your idea. I learned about you from your reds and your blues. Spent some time peering through the glass, ran through documentaries of your past even though I'd never been. Locked up with you was fun. You and your K.V. T-shirt.
