Angels With Dirty Faces

Los Lobos

Broken window smile
Weeds for hair
Strolling 'round the corner
Like a millionaireAnd the angels with dirty faces
Go it aloneWith one shoe on
And one shoe lost
Stands a wounded man
Who just laughs it offAnd the angels with dirty faces
Go it alone
And the angels with dirty faces
Go it aloneLost a brother last night
To the howling wind
Find an empty doorway
It'll be back againAnd the angels with dirty faces
Go it alone
And the angels with dirty faces
Go it alone
