In 2 Deep

Brotha Berry

Everybody scatter there's a madman on the run
Stumblin' through the wreckage like a blind man with a gun
Nowhere to hide
I'm in 2 deep
Can't see the light
'Cause I'm in 2 deep
Over my head
Caught up in a hurricane that never seems to end
Hard to know the devil when he looks like your best friend
Nowhere to hide
I'm in 2 deep
Can't see the light
I'm in 2 deep
Over my head
Oh I should have known
But I can't let go
'Cause I'm in 2 deep
Over my head
Over my head
Oh someone call somebody the asylum's under siege
The inmates took a hostage I'll be damned if it's not me
Nowhere to hide
'Cause I'm in 2 deep
Bury the light
'Cause I'm in 2 deep
Can't see the light
In 2 deep
Bury the light, oh no
I'm in 2 deep
I'm over my head
Over my head
Over my head
