

Red Voodoo

Sammy Hagar

Operator help me please
Room service got me on my knees
They got the same ol' ham and rye
And give me fillet gumbo craw fish pie
I want it
Red voodoo style
Talkin' 'bout
Red voodoo style
Give me some of that
Red voodoo style
Now put the pepper on your tongue
And make the old start feelin' young
Them habaneros make me cry
'Til two hot tamales walk on by
Sportin' that
Red voodoo style
Talkin' 'bout
Red voodoo style
They got some of that
Red voodoo style
Red voodoo
Sergeant pepper style
Don't get that pepper in your eye
What do you say, fellas, let's kick it up a notch

Got Tex Mex Cajun Latin groove
We like them green peppers, too
Floribama Georgia line barbecue will always shine
Carolina north and south, Arizona's gonna burn your mouth
Colorado get me high, don't get the pepper in your eye
Albuquerque to Buffalo, we like them wings with tobasco
Red voodoo style
Talkin' 'bout
Red voodoo style
I want that
Red voodoo style
Give me that
Red voodoo style
Talkin' 'bout

Red voodoo
Red voodoo style
Red voodoo
Burn it on down
[Incomprehensible], jalisco style
Red voodoo style
Red voodoo style
Red voodoo style
Red voodoo style
Give me some of that
Give me some of that red voodoo style
Red voodoo style
