Ordinary Day

Matt Bianco

This big-time ride is all I know A picture-perfect life on show Stellar nights that never end

And people claim to be your friendBut you are the one I need

No place I'd rather be

Here only I can breathe

Love is a simple thing for free

Please don't take that away from me

Forgive me if it sounds mundaneWhat matters now is our ordinary day

ordinary day

What matters now is our ordinary day

ordinary day, ordinary dayDon't say big words or even try

To build me castles in the sky

No clever tales if true who knows?

I choose the plainly spoken proseBut you are the one I need

No place I'd rather be

Here only I can breathe

Love is a simple thing for free

Please don't take that away from me

Forgive me if it sounds mundaneWhat matters now is our ordinary day

ordinary day

What matters now is our ordinary day

ordinary day, ordinary daycause you are one i need

theres no place id rather be

cause love is free and simple

please you cant take that away from me

excuse me if its all the same

what matters now is our ordinary dayWhat matters now is our ordinary day

ordinary day

What matters now is our ordinary day ordinary day, ordinary day[fade]
