

Ladder In My Tights

Amy Studt

Yeah, yeah, yeah, shooby-doo Just one more word and I'm gonna explode
I'm gonna self-combust, I'm gonna blow up the world
Just one more look you're gonna cross the line
I mean over the edge, you're on thin black ice Ooh, there's a little bit of psycho in me, I confess
Why'd you wanna pick on me and not the rest?
Does it make you feel big? Does it make you feel clever? So tell me how's the weather?
If I just had a little more time
I'd get some duct tape and silverware
Oh, if I just had a little more time I'd show you, the world is so much better
When you find you don't fit, there's a ladder in your tights
And who gives a fuck if whoops
You ain't shiny and perfect, there's a ladder in my tights And that's the way, uh huh, I like it
That's the way I feel about it
You'll be trying to hitch a ride with me
When it finally hits you Yeah, yeah, yeah
But just one more one push trying to make me your clone
Marking me outta 10 for the label on my clothes
Just one more squack and I'm gonna hit back
I'm gonna burn down your house in a heated attack Ooh, there's a little bit of devil in me, I confess
'Cause you wanna pick on me and not the rest
If I had just a little more time, I'd get some C4 and dynamite
Oh, if I had just a little more time I'd show you, the world is so much better
When you find you don't fit, there's a ladder in your tights
And who gives a fuck if whoops
You ain't shiny and perfect, there's a ladder in my tights And that's the way, uh huh, I like it
That's the way I feel about it
You'll be trying to hitch a ride with me Hey and you will all be coming 'round
At the time that you find yourself
Free yourself from the crowd The world feels so much better
When you find you don't fit, there's a ladder in your tights
And who gives a fuck if whoops
You ain't shiny and perfect, there's a ladder in my tights And that's the way, uh huh, I like it
That's the way I feel about it The world feels so much better
When you find you don't fit, hey, there's a ladder in your tights
And who gives a fuck if whoops
You ain't shiny and perfect, there's a ladder in my tights And that's the way, uh huh, I like it
That's the way I feel about it
You'll be trying to hitch a ride with me
When it finally hits you
