

# Dust My Broom

**Etta James**

Dust my broom  
From inside my room  
Dust my broom  
From inside my room  
If we never leave, girl what're we to do  
Dust my broom  
From inside my room  
You can dust my broom  
When you can dust my tomb  
I'll never leave this place i've got now  
Baby don't, baby don't you go  
Baby don't you, baby don't you go
