

Your Own reality (InnerSync Remix)

Kai Tracid

Distorted voice:

Your own reality we all came tonight - to this celebration
Because we are a part of the new generation
Close your eyes - and you can see it
This world of music - that makes you high open your mind - to the pathway of truth
Let the colors of life - help you fly
You can walk through this world - of dreams and fantasy
And you will find - your own reality
