Super Powers

Lil Durk

Yea
The vibes so crazy right nowI'm off the lean I got super powers
Dive in that pussy like scuba divers
Hop on the block like uber driver
Wlid the whole trap like wood supplies
I be Jim Carrey, you like-like
I'm in the hoe like the other side
I got rhyda on my favorite tires, yea
This is the shit they ride to
This is what you drink and get high to
This is the shit you niggas don't get
They ride and I'ma ride to
When I get dressed I got super powers
What's in my cup give me super powers
Niggas tell tales, and they super sour
I'm in my zone, I got super powers
Super powers, super powers
I swear I can tell the world
Super powers, I got super powers, I got super powers
I swear I can tell the world (Let's get it!)
Bankroll like Bruce Banner, pour a 8 I need two fantas
Coke body on a pretty woman, new car police scary
Now that I only want one hoe, bullets burn like the sun tanner
Watch me whip it like the nae nae dance, car feeling like it's superman
15 thousand on the back end, all black on me like I'm batman
Ain't no robbin', that's a joke man
Green light then it's go whip
That's a drill in case it's bussin'
Bad bitches wanna touch herself
She just wanna make love or somethin'
Convos 'bout where're ya from
Super powers got me high too
Made it out cause I had to
Threw the Chi like a DM
Hood love me when I slide threw
Couple hundreds on my denims
And these shoes ain't coming out
Swagger got a nigga 'bout to fly
Taking off with these super powersThis is the shit they ride to

This is what you drink and get high to
This is the shit you niggas don't get
They ride and I'ma ride to
When I get dressed I got super powers
What's in my cup give me super powers
Niggas tell tales, and they super sour
I'm in my zone, I got super powers
Super powers, super powers
I swear I can tell the world
Super powers, I got super powers, I got super powers
I swear I can tell the worldXans in my water, can't feel myself
I wish I had powers just to heal myself
Remember them nights I'd kill myself
And now I got thoughts just to be the best
The labels ain't believe me, had to prove myself
Dthang you know, nigga you was there
People left who said they wouldn't
For the niggas I lost I'd take a bullet
Run up on me now I wish you pull it
OTF my empire nigga without a cookie
34 show to a nigga's book
I'm tired of niggas lookin' at me like I'm broke
Shark in the water on the deep end
House in the hills like the Weeknd
Only like to party on the weekend
Only like real, fuck 310
Thank God for my mama
Thank the Lord for my brothers
We gonna take on the world
So she can be my super woman
I'ma get this super money
I'ma turn up with these super powers yea yeaThis is the shit they ride to
This is what you drink and get high to
This is the shit you niggas don't get
They ride and I'ma ride to
When I get dressed I got super powers
What's in my cup give me super powers
Niggas tell tales, and they super sour
I'm in my zone, I got super powers
Super powers, super powers
I swear I can tell the world
Super powers, I got super powers, I got super powers
I swear I can tell the world
