Terry Allen

Yeah, he never done too good when he's in high school
Ah, he never even talked to a popular girl
Yeah, he just hung around, down at the drive-in
Honkin' on his horn and drinkin' Pearl, beerBut he's a future farmer of America
Yeah, 'Blue Jacket' pride of the FFA
And he's the future father of some president
Who'll be another pain in the ass for the U S of A
He'll be another pain in the ass for the U S of A
