

# My Idol Who?

## Trial Kennedy

All in a wave, getting along.  
Run it a way, a way that you want,  
On the right road.  
You better drop the weight.  
On the right road.  
There never was a way. Where's my? What's my? On the right.  
And then you've got a there's my from the other side.  
You're on the right road.  
You better drop the weight.  
On the right road.  
There never was a way. Step right up,  
And I mean open up.  
I don't mean ooohhh.  
Red line up.  
And I mean open up,  
You're own your own. Arrest my, rest my, break my honor.  
Arrest my, rest my, rape my honor.
