

From Now On (w/Glenn Jones)

Regina Belle

Now I am standing here
Where I wanna be with you right next to me
And soon a simple word or two
Will mark this special day and send us on our way
Into a world where I'm not scared to say I do
I do believe my dreams are safe with you From now on I give you my love
I offer my hand and the joy in my soul
From now on my heart will behold
And over and over I fall, I surrender all
All of my life from now on Now I will promise you
Every breath I breathe will keep you close to me
So close that deep inside you'll know
Whenever we're apart the love will light the dark
And bring it back to the night of our first kiss
And back to tender moments just like this, oh From now on I give you my love
I offer my hand and the joy in my soul
From now on my heart will behold
And over and over I fall, I'll surrender all
All of my life from now on Oh, we will be together
From now on, from now on, baby
It's you and I forever from now on
Here where we belong From now on I give you my love
I offer my hand and the joy in my soul
From now on my heart will behold
And over and over and over I fall, I surrender all
All of my life from now on All of my life from now on
On, now on, yeah, yeah
