Brian McKnight

(Verse)

Girl I know

Youve heard it all a thousand times before

(I know you heard it all before)

Youve been hurt

One too many times and it shows

(Too many times for sure)(Pre-Chorus)

Baby nothing plus nothing equals nothing

You get no believing in the past

Today's a perfect day for starting something

The only way to find out is to ask(Chorus)

Girl, can I talk to you?

(If thats okay)

Can I walk with you?

(If thats okay)

Get to know you (to know)

Im gon tell you (gon tell you)

Im gon show you (gon show you)

What I can do

Will you let somebody love you? Love you

Love you

Love you(Verse)

Girl I can see it

That youre feeling me when I look into your eyes

(I look into your eyes) oh yes I do

And I can feel it

That your heart has done some breaking just like mine

(Some breaking just like mine)(Pre-Chorus)

Baby nothing plus nothing equals nothing

You get no believing in the past

Today's a perfect day for starting something

The only way to find out is to ask(Chorus)

Girl, can I talk to you?

(If thats okay)

Can I walk with you?

(If thats okay)

Get to know you (to know)

Im gon tell you (gon tell you)

Im gon show you (gon show you)

What I can do
Will you let somebody love you? Love you
Love you
Love you(Verse)
I cant imagine the feel of your touch
(Too much) Too much can be enough
Right now I can see your heart is yearning to be free
But if it cant be me Promise, not through
Somebody
Will you let somebody?
Will you let somebody?
Will you let somebody?
Will you? Will you?
Will you let somebody?
Will you let somebody love you?
Somebody love you
Will you let somebody?
Let somebody love you
Will you let somebody?
Let somebody love you
Let somebody love you
Will you let somebody?
Will you? Will you?
Cant be me
Will you let somebody?
Let somebody love you
If Im the one want me to be
Will you let somebody?
Let somebody love you
Let me in your heart now
Will you let somebody?
