

# Takes Time

## Triumph

I've known girls all around the world  
I've met every kind  
You say you're something special to me  
But honey never mind  
Everytime you say you mean it  
I whisper something, oh yeah, I can't repeat it  
Everytime I'm sorry to say  
Baby don'tcha understand

### CHORUS:

It takes time baby it takes time  
To make time baby it takes time  
It takes time to make time with me  
You say that you wanna settle down  
Yeah I guess we might  
But we'll be on the road for 90 days  
Yeah we leave tonight  
All the time you been schemin'  
To try to trick me, oh yeah, you must be dreamin'  
Once again I'm sorry to say  
Baby don'tcha understand

### CHORUS
