

Quiet On Tha Set

N.W.A.

(listen to this)
(eazy e:) yo ren!
(mc ren:) whassup?
(eazy e: take) (one) (mc ren: yo) (hit it)(mc ren:)
Ruthless, plenty of that and much more
So at the party, ren is controllin the floor
That you step and do your dancerroutine
It ain't a dream my man, you're in a gangsta scene
With a villain doin damage on a 24 track
With confusion to finish my conclusion
Arhythomatic rhymes from a radio cat
You can't take what I got coz I'll be takin it right back
(ruthless gangsta) cold killin
You wanna know what it's means? (definition... villain)
With the stupid dope rhyme
So once you hear one line you can tell it's mine
With a baseball cap that's black that I'm wearin
And a look that keeps you all starin
And wondering why I'm invincible
But when you hear my rhyme, it's convincing
I don't take no shorts while I'm constructin the ground
That makes y'all move around to my hell of a sound
Girls drool on me like a dyin
(dr.dre: yo ren, tell'em what they do when you start rhymin)
I go to the party. I hip a hop the spot
I dunno what it is, but the girls get hot
Aspirin like they're on fire and
Their so-called boyfriends with'em are retirin
And for this reason I'm a walkin threat
So when I'm on stage I want...(sssst)(eazy e: quiet on tha set)
(light, camera, action)
(eazy e: n.w.a. take) (two)(mc ren:)
Now to get started with my musical profession
A gangsta or villain in mine is in session
The way that I'm referrin to this makes ya move ya butt
But don't stand in a daze, yeah you should know what's up
Anyway I keep the clappin along
Coz nothing bad could go wrong because this song is so strong
(? huh? I'm?) who could ask for anything more

When n.w.a. is cold rockin the floor
 Like stupid, actin like a retard
 Waitin for a bumrush, gettin to the good part
 It tips me so with temptation
 Writin my lyrics with this hyped information
 Just look at the center of the stage where the spotlight shines
 (eazy e: boy you should have known by now) it's mine!
 Unpredictable, keepin you extremely enjoyed
 It's irresistable, meanin that you can't avoid
 And while I'm on stage, look forward to sweat
 But after I rip it up I want...(sssst)(eazy e: quiet on tha set)
 (light, camera, action)
 (eazy e: n.w.a. take) (three)(mc ren:)
 I can be loud as hell, think I will? (never)
 (sssst) (eazy e: quiet on tha set) yeah I like that better
 (? huh? as what I can do?) I think I earn respect
 And if I didn't from you, that's what I expect
 Coz if it ain't ruff it ain't me
 So who really cares how you want me to be
 See, I'm just me standin at the top of the pile
 And doin soft known tunes it ain't my style
 And this concludes our program
 Of how n.w.a. makes a ruthless jam
 Now first we take an average drum
 Give it to dre, and the boy gets dumb
 It's no secret, that I sit alone at night
 Pick up a pad and pen and begin to write
 All kinda lyrics that's promised to play
 To make everybody say:
 (they can be cold and ruthless no question about that,
 But sometimes it's more complicated...)
 (eazy e: yo dre) (you know what I want you to do?)
 (public enemy: bring that beat back, bring that beat back)Now mc ren is here workin like super glue
 No matter what I do, I'm always thinkin o' you
 Coz I'm the pusher, supplyin the fix
 And this jam's so dope, it don't need a remix
 But I'm makin obstacles of enemy traps
 To catch any mc's with the weak-ass raps
 Crucifyin their (? huh?) like just for usin my name
 The definition is pain, but that's the thing o' the game
 If they try to retreat, I catch'em one at a time
 Coz they're comittin a crime, and still promotin a rhyme
 So, you're in the back of me just listen and learn
 Because you'll all get a chance or maybe a turn
 Now my sideman wants to give a preview

So at my next concert I wanna see you
There not sittin in a chair
Standin on yo feet, with yo hand in the air
Now I'm about to get out but I'll be back
But next time expect the more funkier track
Deep down for your enjoyment to hear more percussion
With lyrics that's smooth to start some discussion
The beat that I'm (? hype?) and you know that's bad
Now continue to dance coz I'm thru with tha set
