

First Time

Jennifer Love Hewitt

When I look at you
Baby, I'm amazed
After all we've been through
All that I can say is There's no perfect plan
And no finish line
We just learn to fall
And get back up in time Didn't think we make it
So glad we didn't break up
Now we're good together
And stronger than before It's not complicated
And I wanna celebrate it
'Cause it feels like the first time
When you walked into the room and I can't believe we made it
When all around this love is fading
When you look into my eyes
It feels like the first time again We stood out on the bridge
And everywhere in between
Pushed it to the edge
You never lost your faith You proved that we were strong
And I'm glad you did
This is something that
I can't believe I could of miss We don't have to try hard
Now that we've come this far
We're just living
We're on the other side of this It's not complicated
And I wanna celebrate it
'Cause it feels like the first time
When you walked into the room and I can't believe we made it
When all around this love is fading
When you look into my eyes
It feels like the first time again You ought to know by now
I'd do it all again
If it would lead me to
All that I have with you, oh Do do do
Do do do
Do do do Didn't think we make it
So glad we didn't break up
Now we're good together
And stronger than before It's not complicated

And I wanna celebrate it
'Cause it feels like the first time
When you walked into the room and I can't believe we made it
When all around this love is fading
When you look into my eyes
It feels like the first time again
Oh no, ho, yeah
Feels like the first time again
Oh no no
Oh Do do do
Do do do
Do do do
