## **First Time**

## **Jennifer Love Hewitt**

When I look at you

Baby, I'm amazed

After all we've been through

All that I can say is There's no perfect plan

And no finish line

We just learn to fall

And get back up in timeDidn't think we make it

So glad we didn't break up

Now we're good together

And stronger than beforeIt's not complicated

And I wanna celebrate it

'Cause it feels like the first time

When you walked into the room andI can't believe we made it

When all around this love is fading

When you look into my eyes

It feels like the first time againWe stood out on the bridge

And everywhere in between

Pushed it to the edge

You never lost your faithYou proved that we were strong

And I'm glad you did

This is something that

I can't believe I could of missWe don't have to try hard

Now that we've come this far

We're just living

We're on the other side of this It's not complicated

And I wanna celebrate it

'Cause it feels like the first time

When you walked into the room and I can't believe we made it

When all around this love is fading

When you look into my eyes

It feels like the first time againYou ought to know by now

I'd do it all again

If it would lead me to

All that I have with you, ohDo do do

Do do do

Do do doDidn't think we make it

So glad we didn't break up

Now we're good together

And stronger than beforeIt's not complicated

And I wanna celebrate it
'Cause it feels like the first time
When you walked into the room andI can't believe we made it
When all around this love is fading
When you look into my eyes
It feels like the first time again
Oh no, ho, yeah
Feels like the first time again
Oh no no
OhDo do do
Do do do
