Last Chance To Evacuate Planet Earth Before It Is

Porcupine Tree

[Written by Steven Wilson][a) Winding Shot (Summer 1981)]If you fall asleep with me
You can dream and drowse
The miuntes turn to hours
We could climb a tree or two
And watch the sun go down
Upon our sleepy town
After all the time I spent with you

Summer went away
And we just weren't the same
It's just you and me alone
Not grown ups but not kids
You kissed me on the lips
[b) Last Chance to Evacuate Planet Earth Before It Is Recycled][instrumental]
