Young Love

Celtic Thunder

They say for every boy and girl There's just one love in this whole world And I know I've found mineThe heavenly touch of your embrace Tells me no one could take your place Ever in my heartYoung love, first love Filled with deep devotion Young love, our love We share with deep emotionJust one kiss from your sweet lips Will tell me that our love is real And I can feel that it's trueFor we will vow to one another There will never be another Love for you or for meYoung love, first love Filled with deep devotion Young love, our love We share with deep emotionYoung love, first love Filled with deep devotion Young love, first love Filled with deep devotion
