Winter

Khalid

I lost my heart in the nighttime
She left me out in the cold
She left me broken and weary
Drunk off the lies she told
I fell in love in the morning
But when the day gets cold
I'm back to life in my lonely
City of El PasoBut the days get harder in November
Love grows colder in the winter
All the things you say, I'll remember
Promise that you'll keep my love with ya
Promise that you'll keep my love with ya
Promise that you'll keep my love with ya
Love grows colder in the winter
Promise that you'll keep my love with yaI lost my mind when you left me
And I didn't have much of that
But you were so quick to reject me
So I'll take my time being sad
I fell so hard, I'll admit it
The feeling wasn't mutual
So I'm back to live in my lonely
In the city of El PasoBut the days get harder in November
Love grows colder in the winter
All the things you say, I'll remember
Promise that you'll keep my love with ya
Promise that you'll keep my love with ya
Promise that you'll keep my love with ya
Love grows colder in the winter
Promise that you'll keep my love with yaPromise, promise, promise, promise
Promise, promise, promise, promise
Promise, promise that you'll keep my love (keep my love)
Promise, promise, promise, promise
Promise, promise, promise, promise
Promise, promise that you'll keep my love (keep my love)But the days get harder in November
Love grows colder in the winter
All the things you say, I'll remember
Promise that you'll keep my love with ya
Promise that you'll keep my love with ya
Promise that you'll keep my love with ya

Love grows colder in the winter
Promise that you'll keep my love with ya
