Injection fellasUhh aah uhhh aah
Uhh aah uhhh aahIn a minute we'll be finished
Was I all that you hoped and dreamed
Was I strong enough, to make you feel me
Did I dig too deep in your mindYou were thinking of ways
To make me work for something people wanted
All through the night
All I heard you say wasUhh aah uhhh aah
Uhh aah uhhh aahNow that we're there what are you thinking
Should we talk about it baby
Baby, you look so beautiful like this
With the moonlight shining on you through the shadesWhat has come over me?
Ohh you feel so good
Ohh you feel so goodUhh aah uhhh aah
Uhh aah uhhh aahToss and turn, back and forth
The love goes as the night flows
Ever so smoothly I move you as you groove me
Taking our time as our bodies join to extract pure satisfaction
Holding and molding while I'm watching your reaction
To pure bliss as I rub kiss
Every pleasure kept for moments like thisUhh aah uhhh aah
Uhh aah uhhh aah
Uhh aah uhhh aah
