Let It Flow

Acrania

Can you assume the consequenses?
Of your life, of your hate, of your throughts, of your drems?
Now, can you keep, on your living, all this life that is not for you?
Do you have the strength to choose?How can i be sure that this ain't the wrong way?
How can i with all my weakness, just transcend?
I'm not afraid of being alone again
I look into my eyes and say: i don't careMy inspiration has gone, and took everything i was
Look for the destiny inside your eyes
You can't betray yourself, not now
You can always start again
Don't be ashamed of what you are
Donn't believe in all thar fucking lies
Just belive in yourself.My inspiration has gone, and took everything i wasRun! What can you get?
Stay here with me, please stay here
I'm not finish yet to tell, thar for me
You're more important than myselfMy genesis, my final chanceJust let it flowMy inspiration has gone, and took everything i was
How can i be sure that this ain't the wrong way?
How can i with all my weakness, just transcend?
Run! What can you get?
Stay here with me, please stay here
