

# What a Man Hides

## Hollysiz

What a man, who's dying still hides?  
When he has feet on both sides  
His prides, his faith, his failures, his grace  
No one can read all the lines on his face  
When the sun goes down, stays the truth  
Face to face death defies youth  
Here comes the twilight  
He gives up the fight  
Here comes the light  
And falls the night  
What a man, who's dying still hides?  
When he has feet on both sides  
His faults, his guilt, his talent, his grace  
Nobody knows the last secret of human race  
When the sun goes down, stays the truth  
Face to face death defies youth  
Here comes the twilight  
He gives up the fight  
Here comes the light  
And falls the night
