## **Hottie**

## **Ashley Ballard**

I've been staring down the road You've been up the street I think it's about time You come talkin' to me I see the way you look at me You see I don't mind I know that you've been thinkin' about The perfect opening line It's a shame you Keep playin' your game 'Cause I don't wanna wait no more You can be my hottie, hottie Not just anybody, body Everybody knows how the story goes We can have a party, party You, me and nobody, body Everybody knows how the story goes I was hangin' with my friends You were all alone I thought you would talk to me But you were on the phone I don't know the reason for Why you're so shy Even when I call your name You keep on passin' me by It's a shame you Keep playin' your game 'Cause I don't wanna wait no more You can be my hottie, hottie Not just anybody, body Everybody knows how the story goes We can have a party, party You, me and nobody, body Everybody knows how the story goes Finally, you come talkin' to me I want you in my life You will see that Once upon a time not long ago There was a guy

Who was a show Now you realize Don't wanna wait anymore No more, no more, no Don't wanna wait anymore No more, no more, no Don't wanna wait anymore No more, no more, no Don't wanna wait anymore No more, no more, no Don't wanna wait anymore You can be my hottie, hottie Not just anybody, body Everybody knows how the story goes We can have a party, party You, me and nobody, body Everybody knows how the story goes You can be my hottie, hottie Not just anybody, body Everybody knows how the story goes We can have a party, party You, me and nobody, body Everybody knows how the story goes
